## VIOLENCE WAVE OVER RAIL CRIPPLED LAND

### BIG 4 MEN AND RAIL HEADS TRY TO SETTLE SHOPMEN STRIKE

Troops at Joliet, Ill., Were Fired On by Snipers During the Night; Shots Came From Direction of Strikers' Homes; Houses Searched Today

Martial Law May Be Established in Clinton, Ill.; Trouble Also Reported at Cedar Rapids, Iowa; Janesville, Wis.; Evansville, Ind.

By United Press

Chicago, Aug. 17.—Another wave of violence swept over the rail crippled country today as the "Big Four" brotherhood leaders met with rail executives in an attempt to settle the shopmen's strike.

Troops at Joliet, Ill., were fired on by snipers during the night. Shots came from the direction of the strikers' homes. A squad of soldiers were sent today to search houses in the vicinity for arms.

Martial law may be established in Clinton, Ill., as a result of the clashes there. A group of strike sympathizers assaulted four employees of the Illinois Central. One man was dangerously wounded.

Trouble was reported at Cedar Rapids, Iowa, and Janesville, Wis. Trouble was also reported at Evansville, Ind. The situation in the western trans-continental railroads was rapidly improving. Service had been re-established on all lines, although almost seven Santa Fe trains are held up in deserts because of trouble yesterday at Galipi. National guards are on guard at five Kansas towns—Newton, Parson, Herrington, Horton and Hersington.

#### President Postpones His Message

Washington, Aug. 17.—President Harding has decided to postpone his message to congress on the rail strike situation pending the outcome of peace negotiations between the railway executives and leaders of the striking railroad shopmen which opened in New York today.

The president announced his decision to withhold the message temporarily in a conversation with Senator Watson, Indiana, republican leader in the senate.

The message, however, will be delivered later even should the railroad strike be settled as the result of the New York negotiations.

#### Resumption of Traffic

San Francisco, Aug. 17.—Resumption of traffic over the Western Pacific and Union Pacific and renewed violence today marked the Pacific coast railway strike situation.

San Bernardino, Cal., where the Santa Fe's main opposition is located, was the scene of rioting.

#### Rail Heads and Union Chiefs Gather

New York, Aug. 17.—Executives gathered at the offices of T. Dewitt Cuyler this afternoon for a meeting with brotherhood leaders from which it was hoped to wrest definite settlement of the shopcrafts dispute.

Five of the union chieftains represent the striking shopmen in the conference which starts at 2 o'clock. Bert M. Jewell, shopcrafts chieftain, was among those who remained within call of the conferees.

### FRESH FOREST FIRES ARE SPRINGING UP

#### RESULT OF HEAT WAVE DISTROUS TO NORTHERN WOODS

St. Paul, Aug. 17.—New fresh forest fires are springing up rapidly in the north woods as the result of the heat wave.

Hundreds of fire fighters are fighting the flames under the direction of forest rangers. None of the fires are very serious.

A radio broadcasting station has been installed at Grand Marais to aid in spreading information regarding forest fires, Forester Cox announced.

An airplane flyer out of Virginia located 12 fires in that locality in an hour. The plane will remain at Virginia for a few days to aid the patrol.

Cox praised the work of the plane sent to Virginia by the state observation squadron. There is no danger of disastrous fire unless a strong wind springs up, Cox said. Rain will bring relief and until it comes, the number of fires may be expected to increase.

## Report Scarlet Fever at N. P. Como Shops

### HANKE AFTERMATH HUGE DEFALCATIONS

#### HENNEPIN COUNTY OFFICIALS TAKE STEPS TO REIMBURSE COUNTY TREASURY

(By United Press)

Minneapolis, Aug. 17.—Hennepin county officials today took steps to reimburse the treasury for the \$258,000 appropriated by Henry B. Hanke, treasurer for the last 17 years.

Hanke awoke in Stillwater penitentiary after a dizzy round in court yesterday. He appeared before the grand jury, was indicted, plead guilty, was sentenced, deeded his holdings to the county, and went to prison for one to ten years all within 12 hours. His resignation was to be accepted by the county board today and his name erased from the ballot. His was the only name on the ballot for his office in the November election.

Real estate holdings and his bond of \$250,000 with the United States Fidelity and Guarantee company amply protects the county from loss. Hanke pleaded guilty to a charge of larceny of \$58,000 on March 1, 1922, and the court entered formal plea of not guilty to five other indictments, each charging larceny of \$40,000.

#### Revelations Made

Minneapolis, Aug. 17.—Revelation of peculations from private trust funds in addition to the \$258,000 from public moneys, Henry C. Hanke, Hennepin county treasurer, is expected, according to State Public Examiner Garfield Brown.

Hanke, former state senator and treasurer of Hennepin county for the last 17 years, last night began sentence of one to 10 years in the Stillwater penitentiary following his confession.

Intimate friends today told investigators Hanke's downfall was coincident with and probably due to a clever beautiful woman used as bait for blackmail. She is said to have received \$60,000 within the last six months. Investigators located a gift—a \$4500 sable fur coat.

#### Some Strategic Considerations of the Fourth Week

The two big results of the week are the forced assumption of control over the railroad traffic by the Interstate Commerce Commission, the hastily summoned conferences in Washington between President Harding and Messrs. Cuyler, Lorce and Atterbury on the one hand and President Jewell and the Department Executive Council on the other, and the sudden flood of railroad newspaper propaganda attempting to show that the railroads are operating better without the strikers than they ever were before. It simply means that the railroads have been compelled to offer terms of settlement but are trying to cover it up in such a way as to fool the public and make themselves look generous. Other minor proofs of the railroad capitulation are the attempts to make separate settlements by the Northwestern group of railroads, by the Erie and by the Baltimore & Ohio. The stock market was considerably depressed, though at the end of the week it rose somewhat when the word went out that the financial leaders had decided to offer terms.

These are the significant signs of an approaching settlement. Some of the facts that have caused these results are as follows: Locomotives are in alarmingly bad shape. Several roads which had a lot of engines in white lead have had to take them all out and even they have begun to go to pieces. Our direct reports from all system delegations show this, in absolute contradiction to the railroad publicity. The number of engine failures and defects is not the same from day to day, but increase rapidly every day. Railroads which had excess power have had to loan some of it to others.

Bad order cars are also piling up ominously. Coal car congestion is acute. 3,600 loaded coal cars were reported blockaded on the L. & N. at Corbin, Ky., the western gateway of the Kentucky coal fields. On July

### HEAT WAVE HAS GRIP ON THE NORTHWEST

(By United Press.) Chicago, Aug. 17.—The heat wave continued to hold the middle and northwest in its grip today.

Although temperatures were not as high as yesterday, no relief was in sight.

The weather bureau predicted the peak of torrid weather would be reached in the vicinity of Chicago tomorrow. The break comes in the northwest states first.

#### 94 at St. Paul Aug. 16

St. Paul, Aug. 17.—It was partly cloudy today, but not much cooler. Yesterday the temperature here reached 94.

One man died from the heat and three persons were overcome. Four girls were drowned seeking relief from the torrid atmosphere.

G. W. Winter, a man who had lived alone in a shack for 14 years, was found dead by neighbors. Physicians said he died from the heat.

Mildred Carlson, 15, of Traverse De Sioux, and Pearl Newman, 20, of Newman, Neb., were drowned while wading in the river.

Ruth Johnson, 10, and Violet Sumi, 10, were drowned at Swan Lake south of Bemidji while wading.

#### Weather at Brainerd

Brainerd weather is enduring and no heat prostrations have been recorded. No matter how hot it is, one always has the splendid lake region in which to cool off.

Here are some recent high and low weather points:

Aug. 13	85—61
Aug. 14	92—68
Aug. 15, trace rain	88—70
Aug. 16, trace rain	92—66

In the Brainerd lake region it will be noted, the nights are always such that one can sleep with some degree of comfort.

#### Heat Records of Year Fall

Chicago, Aug. 17.—Heat records of the year fell today as sweltering multitudes suffered from the Dakotas east to the Atlantic coast.

Three deaths were reported, and many prostrations.

"The hot wave will last at least until the end of the week" Prof. J. H.

### TRIAL OF BRAINERD MEN STARTED IN ST. PAUL COURT

St. Paul, Aug. 17.—The trial of two striking Northern Pacific shopmen was begun before Federal Judge Wilbur F. Booth today. They were Otto Cordes and Hammond Wade, charged with criminal contempt of court in connection with alleged violations of the provisions of an injunction by Judge Booth, restraining strikers from intimidating strike breakers. The charges were made by the Northern Pacific officials, who alleged the men threatened strike breakers.

On motion of United States District Attorney LaFayette Brown, the court dispensed with the jury and Judge Booth himself will give the verdict. Taking of testimony was to begin when court re-convened at 2 o'clock. The case probably will be completed tomorrow.

#### STRIKER FREED BY U. S. COURT

Shopmen Ruled Not Guilty of Violating Rail Injunction (Minnesota Daily Star)

William Hirschfeld, striking St. Cloud shop worker, was found not guilty of contempt of court for vio-

lation of the federal court railroad injunction, by a jury in United States district court this morning.

Hirschfeld was the first of six strikers to go on trial for alleged contempt of court. They were arrested on warrants issued when railway attorneys obtained affidavits from strike breakers that they had been attacked. Hirschfeld was charged with an attack on William Sauer on Aug. 1, at Lake park near St. Cloud. Hirschfeld himself was not charged directly with the attack, but it was alleged that he accompanied two strangers, and, as an official of the union, was responsible.

Witnesses for the defense gave Hirschfeld an alibi, which proved that he could not have been near the place where Sauer was attacked. The whole proceedings were merely a "frame-up" intended to injure the unions and to hurt the cause of the strikers, Thomas V. Sullivan, attorney for Hirschfeld, declared in his closing arguments.

Immediately after the close of the Sauer case, a jury was drawn for the trial of Walter Belsang and Mike Thielen, Omaha road shop strikers, who are accused of attempting to intimidate.

Cox, chief of the weather bureau here declared.

"There is no relief in sight but some disturbances may occur within the next forty-eight hours that will bring cooler weather the first of the week."

Local thunder storms may bring temporary relief to scattered localities. Thousands of people haunted the parks and lake resorts of the big cities and many slept at the beaches in Chicago last night.

#### Yellowstone Park Had 40 Degrees

Cody, Wyo., Aug. 17.—While the east sweaters, the nation's play ground shivers.

The temperature at Yellowstone National park last night went down to 40 degrees above zero.

104 at Aberdeen, S. D. Aberdeen, S. D., Aug. 17.—With

the thermometer registering 104, according to the local official observer, Aberdeen sweltered through the fourth day of the warmest period thus far this year. According to weather predictions, there will be little relief until Sept. 1. No prostrations have been reported.

#### Heat Claims Two Victims

St. Paul, Aug. 17.—Heat claimed two victims here within 24 hours. Joseph Jaski succumbed early today. He was prostrated yesterday.

G. W. Winter, 70, was found dead from the heat in his shack yesterday. The lowest temperature last night was 73. At 9 o'clock this morning it had climbed above 90, and at noon it was nearly 90.

#### Fargo Had 54 Last Night

Fargo, Aug. 17.—Temperatures down to 54 were recorded in North Dakota last night, but the thermometer here was boosted near the 90 mark by the hot sun today.

A fair breeze was blowing and there was partial relief from the heat wave throughout Montana and North Dakota.

### SENATE AFTER WORLD WIDE OIL MONOPOLY

(By United Press.)

Washington, Aug. 17.—An alleged gigantic oil monopoly extending thru the world will be probed by the senate committee investigating high gasoline prices, Senator Smith, South Carolina, democrat, declared today.

Charges have been brought before members of the committee of three monopolistic companies with extensive holdings in America, Mexico and Europe, had aspired, directly or indirectly, control of about three-fourths of the world's supply of crude oil, according to Smith. With these holdings, the company is able to fix arbitrarily prices of gasoline, kerosene, fuel oil and all forms of petroleum, it was stated.

### FIRST STRIKE ARRESTS ASKED BY MILWAUKEE

Minneapolis, Aug. 17.—First arrests of striking shopmen for violation of the temporary injunctions granted by Federal Judge Wilbur F. Booth were asked today by Fernando Root of the Milwaukee law department in federal court in St. Paul, following disturbances yesterday in which a striker is alleged to have thrown a stone through a window of a Milwaukee train loaded with replacement men going to work. Only one of the alleged stone throwers was identified, according to Milwaukee officials.

### STRIKE BREAKERS VACCINATED, HEALTH DEPT. INVESTIGATES

R. A. HENNING, NORTHWEST STRIKE LEADER, IN A STATEMENT

#### MINNESOTA LAW REQUIRES ALL CONTAGIOUS DISEASE REPORTED

The following story is reprinted from the Minnesota Daily Star of Minneapolis, Aug. 16, issue:

All strike breakers employed in the Como shops of the Northern Pacific railroad were vaccinated yesterday after a number of cases of scarlet fever were discovered, it was related today by union officials. As the result of this report the St. Paul health department has been called upon to make an investigation of the sanitary conditions in the shops.

According to R. A. Henning, north west strike leader, the men are not permitted to leave, what union men term, the "bull pen."

"They remain under the roof of the railroad property night and day and are carefully watched by armed guards," Mr. Henning declared.

"They eat, sleep and work under worse conditions than exist in most prisons. As a result of this insanitary mode of living I am not surprised at the reported epidemic of scarlet fever."

Mr. Henning stated that the company maintains a hospital for treatment of those who are injured or become ill. They employ their own physicians, Mr. Henning states, and it was from one of these physicians that he received the information that scarlet fever was discovered among the strike breakers.

Under a Minnesota law requiring the reporting of all contagious diseases, union officials today requested the St. Paul health authorities to make an investigation.

If an investigation by the health department should result in a quarantine a complete tieup of all activities in the Northern Pacific yards would result. Engineers, firemen and trainmen would not be permitted to enter and move engines and other equipment, Mr. Henning said.

### NUDE MANIAC FOUND MUSIC PROFESSOR

#### HEAD OF DEPARTMENT AT DRAKE UNIVERSITY, DES MOINES, ARRESTED

Des Moines, Aug. 17.—Willingford Riegger, nationally known musician and head of the music department of Drake university, has been identified as the nude maniac who has been terrifying Des Moines women for the last two months.

Efforts of detectives, police and private investigators to discover the maniac were rewarded when he was seen walking down an exclusive residential district without clothing. He was placed under arrest and after cross-examination by police admitted his strange actions.

He was released on \$1,000 bonds, which were signed by prominent members of the Drake university faculty.

Riegger, who is credited with being one of the leading musicians of the country, was recently awarded the Paderewski prize of \$500, which was offered for the best musical composition of the year. The prize was awarded for a composition for an instrumental trio. Riegger has just returned from a short camping trip with his family.

Riegger has been under close surveillance for the last few months but because of his prominence no one would file charges against him. The arrest closes one of the most baffling cases on the Des Moines police record.

## Shopmen's Side of Controversy As Given by Publicity Committee

#### Some Strategic Considerations of the Fourth Week

The two big results of the week are the forced assumption of control over the railroad traffic by the Interstate Commerce Commission, the hastily summoned conferences in Washington between President Harding and Messrs. Cuyler, Lorce and Atterbury on the one hand and President Jewell and the Department Executive Council on the other, and the sudden flood of railroad newspaper propaganda attempting to show that the railroads are operating better without the strikers than they ever were before. It simply means that the railroads have been compelled to offer terms of settlement but are trying to cover it up in such a way as to fool the public and make themselves look generous. Other minor proofs of the railroad capitulation are the attempts to make separate settlements by the Northwestern group of railroads, by the Erie and by the Baltimore & Ohio. The stock market was considerably depressed, though at the end of the week it rose somewhat when the word went out that the financial leaders had decided to offer terms.

These are the significant signs of an approaching settlement. Some of the facts that have caused these results are as follows: Locomotives are in alarmingly bad shape. Several roads which had a lot of engines in white lead have had to take them all out and even they have begun to go to pieces. Our direct reports from all system delegations show this, in absolute contradiction to the railroad publicity. The number of engine failures and defects is not the same from day to day, but increase rapidly every day. Railroads which had excess power have had to loan some of it to others.

Bad order cars are also piling up ominously. Coal car congestion is acute. 3,600 loaded coal cars were reported blockaded on the L. & N. at Corbin, Ky., the western gateway of the Kentucky coal fields. On July

26th about 25,000 loaded coal cars were tied up between mines and destination. Most of these were on the C. & O. and L. & N. Grain merchants are worried at the shortage of grain cars. Shipments of livestock are badly delayed. Shortage of tank cars is cutting down available supplies of fuel oil.

A rapidly increasing number of iron and steel furnaces have been forced to shut down for lack of coal. Fuel shortage is slowing down grain thrashing. Flour mills are closing. Municipal lighting and power plants are dangerously near shut-down because of no coal. The automobile business is worried because of car shortage. Fruit shipments are still further reduced.

But the pressure of future traffic is far greater even than that of the present. The settlement of the coal strike makes it essential to have the cars and power to move the coal. If the crops are not moved and the country does not get its winter fuel, the public wrath will hit the railroad executives and bankers far harder than they are prepared to stand. Despite all the distorted hostile news and prejudiced newspaper editorials, public sympathy all along the railroads is with us. On several large western railroads the farmers are feeding the strikers and merchants are making gifts and extending credit freely. The wonderful spirit of the large proportion of striking Pennsylvania employees is hitting home at Atterbury himself. The folly and the stupidity of the bankers and railroad presidents has disgusted the real railroad managers. They obey orders, but only half heartedly.

This strike has been labor's battle of the Marne. For two years we have had to retreat. Labor everywhere has suffered wage cuts, degradations in working conditions, bitter attacks and defeats all along the line. This fight is to be the turning point. The harder and more determinedly we hold our ground now and fight back, the more complete and rapid will be our recovery. The stronger we fight

as we approach the settlement the less likely will our opponents be to try to stage a return fight soon again.

#### PUBLICITY COMMITTEE FEDERATED SHOP CRAFTS

August 16, 1922.

The following is an exact duplicate of a time check issued on the Chicago & Alton railroad, to a machinist who worked for about ten days during the first half of July. It will be noted that the total amount paid for this service is \$195.50. After reading this two thoughts naturally prompt themselves, first, how long can railway managements finance a strike at such a huge cost? Second, in the effort railroads have been making for the past two years to destroy the standards of the shopcraft employees they were never able at any time to advance one single instance portraying such an extravagant orgy of expense as is set forth in this instance. The following is but one of many which have come to hand and speaks for itself.

Form 75, 100 Bks.—2-21—C

Duplicate  
The Chicago & Alton Railroad Co.  
Identification Slip No.

Gang No. ....  
Dept. ....  
Slater, Mo. 7-21, 1922.

Wm. Brooks has worked for this company first half month of July, 1922, as Machinist.

For 80 hrs. at \$1.00 per hr. \$ 80.00  
For 77 hrs. at 1.50 per hr. 115.50  
\$195.50

Days, hours or miles  
Deduct Board in favor of none  
Balance due One hundred ninety-five & 50-100 \$195.50

Send time certificate to agent at Slater Station for payment.  
Cause of leaving service, Resigned.  
Record O. K.  
Approved: G. W. RAY, Title.

#### Rail Heads and Union Chiefs Gather

New York, Aug. 17.—Executives gathered at the offices of T. Dewitt Cuyler this afternoon for a meeting with brotherhood leaders from which it was hoped to wrest definite settlement of the shopcrafts dispute.

Five of the union chieftains represent the striking shopmen in the conference which starts at 2 o'clock.

Bert M. Jewell, shopcrafts chieftain, was among those who remained with in call of the conferees.

### FRESH FOREST FIRES ARE SPRINGING UP

#### RESULT OF HEAT WAVE DISTROUS TO NORTHERN WOODS

*(By United Press.)*

St. Paul, Aug. 17.—New fresh forest fires are springing up rapidly in the north woods as the result of the heat wave.

Hundreds of fire fighters are fighting the flames under the direction of forest rangers. None of the fires are very serious.

A radio broadcasting station has been installed at Grand Marais to aid in spreading information regarding forest fires, Forester Cox announced.

An airplane flyer out of Virginia located 12 fires in that locality in an hour. The plane will remain at Virginia for a few days to aid the petrol.

Cox praised the work of the plane sent to Virginia by the state observation squadron. There is no danger of disastrous fire unless a strong wind springs up, Cox said. Rain will bring relief and until it comes, the number of fires may be expected to increase.

## Report Scarlet Fever at N.P. Como Shops

### HANKE AFTERMATH HUGE DEFALCATIONS

#### HENNEPIN COUNTY OFFICIALS TAKE STEPS TO REIMBURSE COUNTY TREASURY

*(By United Press.)*

Minneapolis, Aug. 17.—Hennepin county officials today took steps to reimburse the treasury for the \$258,000 appropriated by Henry B. Hanke, treasurer for the last 17 years.

Hanke awoke in Stillwater penitentiary after a dizzy round in court yesterday. He appeared before the grand jury, was indicted, plead guilty, was sentenced, deeded his holdings to the county, and went to prison for one to ten years all within 12 hours. His resignation was to be accepted by the county board today and his name erased from the ballot. His was the only name on the ballot for his office in the November election.

Real estate holdings and his bond of \$250,000 with the United States Fidelity and Guarantee company amply protects the county from loss. Hanke pleaded guilty to a charge of larceny of \$58,000 on March 1, 1922, and the court entered formal plea of not guilty to five other indictments, each charging larceny of \$40,000.

#### Revelations Made

Minneapolis, Aug. 17.—Revelation of peculations from private trust funds in addition to the \$258,000 from public moneys, Henry C. Hanke, Hennepin county treasurer, is expected, according to State Public Examiner Garfield Brown.

Hanke, former state senator and treasurer of Hennepin county for the last 17 years, last night began sentence of one to 10 years in the Stillwater penitentiary following his confession.

Intimate friends today told investigators Hanke's downfall was coincident with and probably due to a clever beautiful woman used as bait for blackmail. She is said to have received \$60,000 within the last six months. Investigators located a gift—a \$4500 sable fur coat.

### CHILDREN CRUSADERS CLOSING CAMPAIGNS

*(By United Press.)*

Washington, Aug. 17.—The children crusaders who invaded Washington in April to secure the release of their fathers and brothers serving sentences for violation of the espionage act during the war, are closing their campaign here, all but one of their relatives having been released, according to an announcement today by Mrs. Stanley J. Clarke, one of the leaders of the crusaders.

Since the campaign was started here in April, seven political prisoners, fathers and brothers of the children crusaders, have either had their sentences commuted, or have been paroled.

### WILL KEEP PUBLIC UTILITIES SUPPLIED

Washington, Aug. 17.—Public utilities in the middle west will be kept in a 10 to 20 days supply of coal if possible, Federal Fuel Distributor Spencer announced today.

The presidential coal commission has adopted this policy following urgent requests from practically all of the utilities for immediate replenishment of stocks.

### RAIL STRIKE NOTHING COMPARED WITH THIS

New York, Aug. 17.—A labor problem at first hand has been presented to the members of the St. Albans Golf club, Long Island, by the club's 75 caddies who have struck against the indignities of being compelled to pick weeds without "any compensation," in the language of their spokesman.

Every angle of a strike situation was presented. A picket line was thrown out and the police were called after the strikers threatened to "take care" of any applicants for the vacant jobs.

The caddies stated they would return whenever the club officials discovered that a caddy's job was to hand out drivers and midirons and not to chase wild onions all over the course.

### HEAT WAVE HAS GRIP ON THE NORTHWEST

*(By United Press.)*

Chicago, Aug. 17.—The heat wave continued to hold the middle and northwest in its grip today.

Although temperatures were not as high as yesterday, no relief was in sight.

The weather bureau predicted the peak of torrid weather would be reached in the vicinity of Chicago tomorrow. The break comes in the northwest states first.

#### 94 at St. Paul Aug. 16

#### STRIKER FREED BY U. S. COURT

**Shopmen Ruled Not Guilty of Violating Rail Injunction**  
(Minnesota Daily Star)

William Hirschfeld, striking St. Cloud shop worker, was found not guilty of contempt of court for vio-

lation of the federal court railroad injunction, by a jury in United States district court this morning.

Hirschfeld was the first of six strikers to go on trial for alleged contempt of court. They were arrested on warrants issued when railway attorneys obtained affidavits from strike breakers that they had been attacked. Hirschfeld was charged with an attack on William Sauer on Aug. 1, at Lake park near St. Cloud. Hirschfeld himself was not charged directly with the attack, but it was alleged that he accompanied two strangers, and, as an official of the union, was responsible.

Witnesses for the defense gave Hirschfeld an alibi, which proved that he could not have been near the place where Sauer was attacked. The whole proceedings were merely a "frame-up" intended to injure the unions and to hurt the cause of the strikers, Thomas V. Sullivan, attorney for Hirschfeld, declared in his closing arguments.

Immediately after the close of the Sauer case, a jury was drawn for the trial of Walter Belsang and Mike Thielen, Omaha road shop strikers, who are accused of attempting to intimidate.

Cox, chief of the weather bureau here declared.

"There is no relief in sight but some disturbances may occur within the next forty-eight hours that will bring cooler weather the first of the week."

Local thunder storms may bring temporary relief to scattered localities. Thousands of people haunted the parks and lake resorts of the big cities and many slept at the beaches in Chicago last night.

#### Yellowstone Park Had 40 Degrees

Cody, Wyo., Aug. 17.—While the east swelters, the nation's play ground shivers.

The temperature at Yellowstone National park last night went down to 40 degrees above zero.

#### 104 at Aberdeen, S. D.

Aberdeen, S. D., Aug. 17.—With

the thermometer registering 104, according to the local official observer, Aberdeen sweltered through the fourth day of the warmest period thus far this year. According to weather predictions, there will be little relief until Sept. 1. No prostrations have been reported.

#### Heat Claims Two Victims

St. Paul, Aug. 17.—Heat claimed two victims here within 24 hours. Joseph Jaski succumbed early today. He was prostrated yesterday.

G. W. Winter, 70, was found dead from the heat in his shack yesterday. The lowest temperature last night was 73. At 9 o'clock this morning it had climbed above 80, and at noon it was nearly 90.

#### Fargo Had 54 Last Night

Fargo, Aug. 17.—Temperatures down to 54 were recorded in North Dakota last night, but the thermometer here was boosted near the 90 mark by the hot sun today.

A fair breeze was blowing and there was partial relief from the heat wave throughout Montana and North Dakota.

### SENATE AFTER WORLD WIDE OIL MONOPOLY

*(By United Press.)*

Washington, Aug. 17.—An alleged gigantic oil monopoly extending thru the world will be probed by the senate committee investigating high gasoline prices, Senator Smith, South Carolina, democrat, declared today.

Charges have been brought before members of the committee of three monopolistic companies with extensive holdings in America, Mexico and Europe, had aspired, directly or indirectly, control of about three-fourths of the world's supply of crude oil, according to Smith. With these holdings, the company is able to fix arbitrarily prices of gasoline, kerosene, fuel oil and all forms of petroleum, it was stated.

### FIRST STRIKE ARRESTS ASKED BY MILWAUKEE

Minneapolis, Aug. 17.—First arrests of striking shopmen for violation of the temporary injunctions granted by Federal Judge Wilbur F. Booth were asked today by Fernando Root of the Milwaukee law department in federal court in St. Paul, following disturbances yesterday in which a striker is alleged to have thrown a stone through a window of a Milwaukee train loaded with replacement men going to work. Only one of the alleged stone throwers was identified, according to Milwaukee officials.

### STRIKE BREAKERS VACCINATED, HEALTH DEPT. INVESTIGATES

#### R. A. HENNING, NORTHWEST STRIKE LEADER, IN A STATEMENT

#### MINNESOTA LAW REQUIRES ALL CONTAGIOUS DISEASE REPORTED

The following story is reprinted from the Minnesota Daily Star of Minneapolis, Aug. 16, issue:

All strike breakers employed in the Como shops of the Northern Pacific railroad were vaccinated yesterday after a number of cases of scarlet fever were discovered. As the result of this report the St. Paul health department has been called upon to make an investigation of the sanitary conditions in the shops.

According to R. A. Henning, north west strike leader, the men are not permitted to leave, what union men term, the "bull pen."

"They remain under the roof of the railroad property night and day and are carefully watched by armed guards," Mr. Henning declared.

"They eat, sleep and work under worse conditions than exist in most prisons. As a result of this insanitary mode of living I am not surprised at the reported epidemic of scarlet fever."

Mr. Henning stated that the company maintains a hospital for treatment of those who are injured or become ill. They employ their own physicians, Mr. Henning states, and it was from one of these physicians that he received the information that scarlet fever was discovered among the strike breakers.

Under a Minnesota law requiring the reporting of all contagious diseases, union officials today requested the St. Paul health authorities to make an investigation.

If an investigation by the health department should result in a quarantine a complete tieup of all activities in the Northern Pacific yards would result. Engineers, firemen and trainmen would not be permitted to enter and move engines and other equipment, Mr. Henning said.

### NUDE MANIAC FOUND MUSIC PROFESSOR

#### HEAD OF DEPARTMENT AT DRAKE UNIVERSITY, DES MOINES, ARRESTED

Des Moines, Aug. 17.—Willingford Riegger, nationally known musician and head of the music department of Drake university, has been identified as the nude maniac who has been terrifying Des Moines women for the last two months.

Efforts of detectives, police and private investigators to discover the maniac were rewarded when he was seen walking down an exclusive residential district without clothing. He was placed under arrest and after cross-examination by police admitted his strange actions.

He was released on \$1,000 bonds, which were signed by prominent members of the Drake university faculty.

Riegger, who is credited with being one of the leading musicians of the country, was recently awarded the Paderewski prize of \$500, which was offered for the best musical composition of the year. The prize was awarded for a composition for an instrumental trio. Riegger has just returned from a short camping trip with his family.

Riegger has been under close surveillance for the last few months but because of his prominence no one would file charges against him. The arrest closes one of the most baffling cases on the Des Moines police record.

## Shopmen's Side of Controversy As Given by Publicity Committee

#### Some Strategic Considerations of the Fourth Week

The two big results of the week are the forced assumption of control over the railroad traffic by the Interstate Commerce Commission, the hastily summoned conferences in Washington between President Harding and Messrs. Cuyler, Lorce and Atterbury on the one hand and President Jewell and the Department Executive Council on the other, and the sudden flood of railroad newspaper propaganda attempting to show that the railroads are operating better without the strikers than they ever were before. It simply means that the railroads have been compelled to offer terms of settlement but are trying to cover it up in such a way as to fool the public and make themselves look generous. Other minor proofs of the railroad capitulation are the attempts to make separate settlements by the Northwestern group of railroads, by the Erie and by the Baltimore & Ohio. The stock market was considerably depressed, though at the end of the week it rose somewhat when the word went out that the financial leaders had decided to offer terms.

These are the significant signs of an approaching settlement. Some of the facts that have caused these results are as follows:

Locomotives are in alarmingly bad shape. Several roads which had a lot of engines in white lead have had to take them all out and even they have begun to go to pieces. Our direct reports from all system federations show this, in absolute contradiction to the railroad publicity. The number of engine failures and defects is not the same from day to day, but increase rapidly every day. Railroads which had excess power have had to loan some of it to others.

Bad order cars are also piling up ominously. Coal car congestion is acute. 3,600 loaded coal cars were reported blocked on the L. & N. at Corbin, Ky., the western gateway of the Kentucky coal fields. On July 26th about 25,000 loaded coal cars were tied up between mines and destination. Most of these were on the C. & O. and L. & N. Grain merchants are worried at the shortage of grain cars. Shipments of livestock are badly delayed. Shortage of tank cars is cutting down available supplies of fuel oil.

A rapidly increasing number of iron and steel furnaces have been forced to shut down for lack of coal. Fuel shortage is slowing down grain thrashing. Flour mills are closing. Municipal lighting and power plants are dangerously near shut-down because of no coal. The automobile business is worried because of car shortage. Fruit shipments are still further reduced.

But the pressure of future traffic is far greater even than that of the present. The settlement of the coal strike makes it essential to have the cars and power to move the coal. If the crops are not moved and the country does not get its winter fuel, the public wrath will hit the railroad executives and bankers far harder than they are prepared to stand. Despite all the distorted hostile news and prejudiced newspaper editorials, public sympathy all along the railroads is with us. On several large western railroads the farmers are feeding the strikers and merchants are making gifts and extending credit freely. The wonderful spirit of the large proportion of striking Pennsylvania employees is hitting home at Atterbury himself. The folly and the stupidity of the bankers and railroad presidents has disgusted the real railroad managers. They obey orders, but only half heartedly.

This strike has been labor's battle of the Marne. For two years we have had to retreat. Labor everywhere has suffered wage cuts, degradations in working conditions, bitter attacks and defeats all along the line. This fight is to be the turning point. The harder and more determinedly we hold our ground now and fight back, the more complete and rapid will be our recovery. The stronger we fight

as we approach the settlement the less likely will our opponents be to try to stage a return fight soon again.

#### PUBLICITY COMMITTEE FEDERATED SHOP CRAFTS AUGUST 16, 1922.

The following is an exact duplicate of a time check issued on the Chicago & Alton railroad, to a machinist who worked for about ten days during the first half of July. It will be noted that the total amount paid for this service is \$195.50. After reading this two thoughts naturally prompt themselves, first, how long can railway managements finance a strike at such a huge cost? Second, in the effort railroads have been making for the past two years to destroy the standards of the shopcraft employees they were never able at any time to advance one single instance portraying such an extravagant orgy of expense as is set forth in this instance. The following is but one of many which have come to hand and speaks for itself:

Form 75. 100 Bks.—2-21—C

## THE WEATHER

## For-cast for next 24 hours:

Minnesota weather. Fair to night and Friday. Not quite so warm tonight.

Cooperative observer's record, 6 P. M.

August 16, Maximum 92, minimum 66. Reading in evening 92. Southeast wind. Clear.

Barometer 28.7. Hygrometer dry 92, wet 73. Trace rain.

August 17, Minimum during night 65. At noon 86. Barometer 28.7. Hygrometer dry 86, wet 66.

## LOCAL NEWS NOTES

Miss Lillie Paine returned Thursday afternoon from a visit in St. Paul.

Miss Marguerite Anderson left this afternoon for a visit with friends at Atwater, Minn.

A thing must be lost beyond all recall if it cannot be located with a Dispatch want ad.

Hemstitching 6c, 8c and 10c per yard. Singer Store. 591f

Miss Jane Grimes of Holland, Mich., is visiting her sister, Mrs. W. H. Johnston at North Long lake.

The Musical Masqueraders will play for the dance at Grand View, Saturday, Aug. 19. 641f

Miss Hazel Keller, employed in a bank at Pequot, was a Brainerd visitor between trains Thursday.

Extractions 50 cents. The Dr. Burrill Dentists. 521f

Miss Jane Grimes of Holland, Mich., is visiting her sister, Mrs. W. H. Johnston at North Long lake.

VELVET ICE CREAM—The Best. Pure Cream chief ingredient. Telephone 450. Brainerd Creamery Co. 181f

Miss Florence Drago of St. Cloud, niece of Mr. and Mrs. J. F. Goosen, arrived this afternoon for a short visit.

Miss Fern Lowe returned Thursday from Duluth where she has been visiting her sister, Mrs. Henry Dworzhak.

Local Golfers will enjoy seeing, "Fore!" showing at the Lyceum on Friday and Saturday. 1f

Bruno Olsson, of 1411 East Oak street, has been appointed local agent for the Caloric furnace by the Crosby Hardware Co.

Let us examine your teeth. Guaranteed work at reasonable prices. The Dr. Burrill Dentists. 521f

Mrs. W. P. Nuss left this morning for Brainerd where she will spend a few days with her daughter, Miss Elsie, who is employed there.

A number of employees of the Minnesota & International railway general offices attended the American Legion dance at Grand View in a body last evening.

Bargain Sale in Aluminum Ware, Saturday, Aug. 19, Stoughton's Variety Store, 210 S. 7th. 641f

C. N. Erickson, returning from a trip to Minneapolis, lost his hub cap on the road. It was found, advertised in the Dispatch, and he claimed it next day.

Farmers Attention! We buy rye, buckwheat, barley and wheat. See us before you sell. Have modern unloading facilities. Dakota Milling Company. 561f

Mr. and Mrs. William H. Flans-ton have returned to their home in Minneapolis after visiting their uncle, William H. Flans-ton at North Long lake.

Hemstitching 6c, 8c and 10c per yard. Singer Store. 591f

Bargain Sale in Aluminum Ware, Saturday, Aug. 19, Stoughton's Variety Store, 210 S. 7th. 641f

Mr. and Mrs. Tom Russell of Brainerd and Mrs. J. W. Peck are guests for this week at the home of Mr. and Mrs. J. J. McLaughlin, 213 Irvine avenue.—Bemidji Daily Pioneer.

The Misses Dorothy Fisher, Virgin Casey and Jean Burnett were the guests of Miss Lois Chadbourne at the Chadbourne cottage at Habert for three or four days, returning to Brainerd Thursday morning.

The Musical Masqueraders will play for the dance at Grand View, Saturday, Aug. 19. 641f

Mrs. W. P. Pirie and daughter, Miss Evelyn, are guests at the J. Denis home. They are enroute from Brainerd, where they have been visiting, to their home in St. Louis, Mo.—Little Falls Daily Transcript.

R. V. Whiteley, for the past week a guest of Miss May Whiteley, left Wednesday for Bemidji, where he will be in charge of a land clearing exhibit at the Northern Minnesota Fair

Mr. Whiteley is a demonstrator of land clearing appliances.

See our Aluminum Bargain Table, Saturday, Aug. 19. Stoughton's Variety Store. 641f

Edward Zebley, of Moorhead, staying at Pine Lodge, on Lake Edwards, landed a five and one-half pound bass and entered the same in the contest under way at the Perry Hardware Co. store. Zebley's bass tops the list to date and he stands a fair show of winning the big prize.

K. S. Bredenberg has returned from a three months trip to his old home in Sweden. Mr. Bredenberg visited at several points in Sweden and reports a very pleasant time visiting old friends. He reports making a speedy return trip, making the journey in eleven days.

Irwin Borden of the Northwestern Telephone Company of Brainerd has returned to his work after spending a week's vacation with his parents, Mr. and Mrs. J. E. Borden. Mr. Borden and family motored to Litchfield to visit friends. On their return they stopped at Forest City and spent the day with the Wharton family.—St. Cloud Daily Journal Press.

We are open Saturday all day. The Dr. Burrill Dentists. 521f

One of the most experienced well diggers and pumpmen in the district is Otto Erickson of Southeast Brainerd. This season he is sinking a large number of pumps for lake dwellers and has been very successful. It is quite an art to find a water vein and then also requires skill of a high order to sink the pipe to tap it.

Mr. and Mrs. A. D. Ritchie and family motored from Bemidji to Brainerd Thursday and took dinner with his sister, Mrs. B. Warrier. Nineteen relatives were present at the family gathering. The visitors left for St. Cloud and Annandale, and before returning home will also visit in Elgin, Ill. Mr. Ritchie is postmaster of Bemidji and also has large interests in the lumber business.

See our Aluminum Bargain Table, Saturday, Aug. 19. Stoughton's Variety Store. 641f

Mr. and Mrs. R. P. Palmer of Minneapolis were in Brainerd enroute to Breezy Point, Pelican Lake, on a vacation trip. Mr. Palmer is connected with the Northwest Daily Press association and is visiting papers of the organization enroute. The hot weather caused them some tire trouble enroute. At Brainerd Mr. Palmer visited the Dispatch and inspected its equipment.

## Relieving Tax Burdens

Duluth, Aug. 17.—Relieving the tax burden on real estate in Minnesota is one of the aims of Minnesota realtors meeting here today.

S. S. Thorpe, president of the Minnesota Realty association, however, said the tax question will occupy a less prominent place in discussions than formerly. Land development will receive as much consideration.

The realtors will urge a system of state parks, and probably will make recommendations to the legislature for new parks and playgrounds.

C. P. Craig, of Duluth, will report progress of negotiations for the completion of the Great Lakes-St. Lawrence waterway.

Gov. Preus was expected to address the convention. It will close tomorrow.

## EXONERATED OF ALL COMPLICITY

(By United Press)  
St. Paul, Aug. 17.—Mrs. Claude Cleveland, whose husband was killed by a man who accosted her on the street Sunday night, was exonerated of complicity in the killing by a jury late yesterday.

Some witnesses testified the murderer talked to Mrs. Cleveland before striking her husband. She maintained she did not know the man.

## The Clean Store

Ahead of everything else you want cleanliness and quality in your foods and groceries. This store takes pride in the fact that it can suit so many particular patrons on these two points.

The prices we quote show you that we can suit you on price as well.

Mr. Whiteley is a demonstrator of land clearing appliances.

See our Aluminum Bargain Table, Saturday, Aug. 19. Stoughton's Variety Store. 64t2

Edward Zebley, of Moorhead, staying at Pine Lodge, on Lake Edwards, landed a five and one-half pound bass and entered the same in the contest under way at the Perry Hardware Co. store. Zebley's bass tops the list to date and he stands a fair show of winning the big prize.

K. S. Bredenberg has returned from a three months trip to his old home in Sweden. Mr. Bredenberg visited at several points in Sweden and reports a very pleasant time visiting old friends. He reports making a speedy return trip, making the journey in eleven days.

Irwin Borden of the Northwestern Telephone Company of Brainerd has returned to his work after spending a week's vacation with his parents, Mr. and Mrs. J. E. Borden. Mr. Borden and family motored to Litchfield to visit friends. On their return they stopped at Forest City and spent the day with the Wharton family.—St. Cloud Daily Journal Press.

We are open Saturday all day. The Dr. Burrill Dentists, 52tf

One of the most experienced well diggers and pumpmen in the district is Otto Erickson of Southeast Brainerd. This season he is sinking a large number of pumps for lake dwellers and has been very successful. It is quite an art to find a water vein and then also requires skill of a high order to sink the pipe to tap it.

Mr. and Mrs. A. D. Ritchie and family motored from Bemidji to Brainerd Thursday and took dinner with his sister, Mrs. B. Warrier. Nineteen relatives were present at the family gathering. The visitors left for St. Cloud and Annandale, and before returning home will also visit in Elgin, Ill. Mr. Ritchie is postmaster of Bemidji and also has large interests in the lumber business.

See our Aluminum Bargain Table, Saturday, Aug. 19. Stoughton's Variety Store. 64t2

Mr. and Mrs. R. P. Palmer of Minneapolis were in Brainerd enroute to Breezy Point, Pelican Lake, on a vacation trip. Mr. Palmer is connected with the Northwest Daily Press association and is visiting papers of the organization enroute. The hot weather caused them some tire trouble enroute. At Brainerd Mr. Palmer visited the Dispatch and inspected its equipment.

## Relieving Tax Burdens

Duluth, Aug. 17.—Relieving the tax burden on real estate in Minnesota is one of the aims of Minnesota realtors meeting here today.

S. S. Thorpe, president of the Minnesota Realty association, however, said the tax question will occupy a less prominent place in discussions than formerly. Land development will receive as much consideration.

The realtors will urge a system of state parks, and probably will make recommendations to the legislature for new parks and playgrounds.

C. P. Craig, of Duluth, will report progress of negotiations for the completion of the Great Lakes-St. Lawrence waterway.

Gov. Preus was expected to address the convention. It will close tomorrow.

## EXONERATED OF ALL COMPLICITY

(By United Press)  
St. Paul, Aug. 17.—Mrs. Claude Cleveland, whose husband was killed by a man who accosted her on the street Sunday night, was exonerated of complicity in the killing by a jury late yesterday.

Some witnesses testified the murderer talked to Mrs. Cleveland before striking her husband. She maintained she did not know the man.

## The Clean Store

Ahead of everything else you want cleanliness and quality in your foods and groceries. This store takes pride in the fact that it can suit so many particular patrons on these two points.

The prices we quote show you that we can suit you on price as well.

## TO HOLD INFANTS, CHILDRENS' CLINIC

Schedule Includes Clinics at Bay Lake, Pequot, Crosby, Iron-ton, Brainerd, Etc.

**BRAINERD DATE IS SEPT. 15TH**  
Clinics are Made Possible Through the Sale of Christmas Seals in This State

"The wealth of the nation lies in the health of its children," is the slogan which the Crow Wing County Public Health Association is trying to make better known by offering each child, free of charge, a thorough physical examination, by a prominent children's specialist.

Infants and children's clinics will be held from September 5th to September 17th at Bay Lake, Pequot, Crosby, Iron-ton, Deerwood, Ft. Ripley, Emily, Pine River, and Brainerd. Brainerd's day being September 15.

The specialist will suggest the correct diet and give the exact condition of your child. No treatments are given as children needing attention are referred to their family physician.

Those interested in health feel that at the beginning of the school year is the time to find out as to the child's physical condition even though he appears perfectly healthy as children seldom complain unless something is radically wrong and an examination in time may prevent a great deal of future trouble.

Arrangements may be made with the City and School Nurse, Miss Eula Michael, by any one wishing to attend the Brainerd clinic. The County Nurse, Miss Marie Grimes has charge of the clinics in the county. These clinics are made possible through the sale of the Christmas seals.

### HERO OF BARNYARD GOLF

You may think you are some horse-shoe pitcher. You should consider the record made by G. E. Snyder at Ithaca, N. Y., the other day. In three fifty point games he threw 46 ringers and eight double ringers. These are the figures furnished us by Director Mann of the New York State college of Agriculture at Cornell University and they must be accurate, though they seem amazing.

Mr. Snyder is a fruit grower at Albion and he was the empire state's champion at the national tournament in Florida last winter. He deserves to rank with Babe Ruth, Chick Evans, Jake Schaefer, Jr., and other kings of athletic endeavor, for horseshoe pitching is a game of highest skill. The man who can throw ringers and double ringers so felicitously should have a monument erected in his honor even while he lives.—Farm Life.

### LONG LAKE NEWS

Eighty-four people gathered at the home of Mrs. Lucilla Thompson on Friday, when the Royal Entertainers met there. The kiddies of the neighborhood were the entertainers for the evening and no finer program has yet been given by the club.

The next meeting will be on the Hughey lawn Friday, Sept. 1st, if the weather permits. If not the meeting will be held at the school house. At this meeting the men of the club will entertain. It is hoped that this will be an especially large meeting.

Mr. and Mrs. William Hansen are the parents of a nine pound son, George Robert.

Mr. and Mrs. James Mason and children of Duluth, returned to their home after a two weeks visit with Mrs. Mason's mother, Mrs. L. Thompson.

Mrs. Mamie McGuire of Deerwood, spent the week-end with Mary Hughey.

Harold Greve of Deerwood is visiting at the Hughey home this week. Rev. W. J. Howrie will preach in the Hughey school house Sunday evening, Aug. 20 at 8 o'clock. He will speak at the South Long Lake Presbyterian church in the afternoon.

Maude and Georgia Thompson are visiting their uncle Walter Caughy in Daggett Brook.

Mr. and Mrs. William Johnston left Tuesday for their new home in Minneapolis after visiting Mr. Johnston's uncle, Wm. Johnston.

In the baseball game Sunday, Long Lake defeated the West Brainerd team by a score of 11 to 10.

### "Desert" in the Ocean.

In the south Pacific, west of Patagonia, there is a sea desert which contains so few forms of marine life that, it is claimed, whales and sharks frequently die of hunger before they find their way out.

## OPENING SALE PROVES VERY SATISFACTORY

The Stoughton Variety store newly opened in the Anna Block on South 7th street reports a very satisfactory business during their opening sale of two weeks, which closed last Saturday.

G. M. Stoughton, the proprietor, is well pleased with Brainerd and the support he is receiving in his new undertaking. In looking for a location, he chose our city out of four which were under consideration, and believes that he made no mistake in his selection.

It is possible, in a store of this kind, to handle a big variety of articles at a large range of prices, and Mr. Stoughton is endeavoring to give his customers a large stock in every line and at a price that will fit any pocketbook.

The Stoughtons hail from western Iowa, near Omaha, so that our north country, with its timber and lakes, is quite a novelty. They state that the warm weather through which we are passing seems comparatively cool in contrast to the warm spells further south, where the nights are as oppressive at the heat of the day.

Mr. Stoughton expects to offer from time to time special bargains in different lines through the columns of this paper. Saturday's special this week will be an aluminum sale. Others will follow in rapid succession.

### PEQUOT

At the regular meeting of the school board, R. V. Larson, of Taylor Falls was engaged as superintendent of the Pequot schools, the salary being set at \$1800 annually.

J. C. Nelson is chairman, M. H. Cochran treasurer and A. Clarence Fossum clerk of the Pequot school board. The salary of the clerk was reduced to \$150 a year.

Charles Wilson and Jack Johnson were injured in an automobile accident near the fair grounds when the car ran off the road.

Mrs. T. A. Chapin and Mrs. Ole Risness were in Brainerd Wednesday.

Mr. and Mrs. John Strassburg and Mr. and Mrs. Sidney Strassburg spent Sunday with Fred Strassburg in Brainerd.

B. O. Hoff was at Brainerd and saw a doctor about his sprained back. Ted Olson has returned from Brainerd where he was treated at a hospital.

## I FIRST COMPOUNDED THIS REMEDY FOR MY OWN NEIGHBORS

Their praise of this newer form of iron has spread so rapidly that now, after nine years, over 4,000,000 people use it annually

Years ago I began to wonder at the great number of my own friends and neighbors who were always ailing, complaining and doctoring, without ever seeming to get any better. Both working men and their wives were frequently all tired out in the evening, and a great many were weak, nervous and run-down. One had pains in the back and thought he had kidney trouble. Another had pains around the heart, palpitations and dizziness, and was sure he was suffering from heart disease. Still others had severe headaches, floating spots before the eyes, tender spots along the spine and a great variety of alarming symptoms.

For years I made a special study of this condition, consulting a great number of physicians and chemists. An immense number of investigations by physicians all over the country showed that three people out of every four you meet lack 100 per cent iron in their blood. Lack of iron in the blood is the greatest of all debilitating weaknesses. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron nothing you eat does you any good. Your heart, lungs and kidneys and all your vital organs get their nourishment from the blood stream, and when the blood lacks iron and is thin, pale and watery, you may suffer from the symptoms of a great number of diseases when the real and true cause of all your trouble is a lack of iron in the blood.

In the old days people often took metallic iron, which some physicians claim is not absorbed at all. In compounding Suxated Iron I use the newer form of iron, which is like the iron in your blood and like the iron in spinach, lentils and apples. Unlike the older forms of iron, it will not injure the teeth nor disturb the stomach, and it is ready for almost immediate absorption and assimilation by the blood. It is the people whose blood is rich in iron who possess great strength, force and energy. If you are not strong or well you owe it to yourself to make the following test:

See how long you can work or how far you can walk without becoming tired. Next take two 5-grain tablets of Suxated Iron three times a day after meals for two weeks—then test your strength again and see how much you have gained. An astonishing number of nervous, run-down people who are ailing all the while, have greatly improved their health and increased their strength and endurance simply by taking this newer form of iron. For sale in this city by Johnson's Pharmacy or any other good drug store.

## DEW DROP INN at 506 Laurel Street Gardner Block

Opening Monday  
HOME COOKING

Missionary Society  
The Woman's Home and Foreign Missionary society of the Presbyterian church will be entertained by Mrs. J. A. McMannis, West Bluff Ave. on Friday afternoon at 2:30 o'clock. A large attendance is desired and all visitors will be welcome.

The program is as follows:  
Devotional ..... Bible Women  
Topic "China" ..... Mrs. Lawson  
"Map Talk on Missionary Stations" ..... Mrs. Jackson  
"Trials and Triumphs of a Medical Missionary" ..... Mrs. Varner  
"Review of China" by a returned missionary ..... Mrs. McMannis  
Roll call, answered with Bible verse  
Business meeting.

### THE NEW AUTO TAGS

Contract for the manufacture of 400,000 number plates for 1923 was let to the Western Display company of St. Paul, by Mike Holm, secretary of state.

The 1923 number plates will be two gauges heavier than those used this year, while the cost to the state will be practically the same, 13 cents a pair.

The color of A and B plates, that is, those used on automobiles, busses and hearses, will be maroon figures on a pearl grey background. The T X and Z plates, those used on trucks and trailers, will have a brown background with white letters. The dealers' demonstration plates will have lemon yellow figures on a bottle green background.

### Japanese Term "Shogun."

"Shogun" is a Japanese term for great general, or commander-in-chief. For several centuries the shogun class exercised the real power in Japan, though nominally subject to the emperor. However, in 1867 a revolution restored the power of the emperor and the title of shogun was abolished the following year.

## LYCEUM

LAST TIME TONIGHT  
7:15 and 9:00

Jeese L. Lasky presents

## A Remarkable New Cord Tire at a Popular Price

Here is a big, sturdy, long-wearing new tire built to satisfy the buyer on every point of mileage, quality and price.

It is designed especially for the man who wants the essential advantages of cord tire performance at the lowest possible price.

It is designed to offer the buyer a quality product at a price even lower than he has formerly paid for a "long discount" tire. It has a different tread from the famous Goodyear All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and its selling price is substantially less.

This new tire is the Goodyear Cross-Rib Tread Cord.

Like the All-Weather Tread Cord it is liberally oversize in all straight-side sizes, the

4½-inch tire, for example, actually measuring nearly 5 inches.

Like the All-Weather Tread Cord, its foundation is genuine high-grade long-staple cotton.

Like the All-Weather Tread Cord, it embodies the efficient group-ply construction, a Goodyear patent.

Like the All-Weather Tread Cord, it is the product of an experienced company which has a world-wide reputation to safeguard.

Look at the prices of the new Goodyear Cross-Rib Tread Cord, listed below.

Compare these prices with net prices you are asked to pay for "long-discount" tires of unknown reputation and value.

Why take a chance on such tires?—you know it doesn't pay.

Compare these prices with NET prices you are asked to pay for "long discount" tires

30x3½ Clincher	\$12.50	31x4 Straight Side	\$22.20	34x4 Straight Side	\$25.90	34x4½ Straight Side	\$32.95
30x3½ Straight Side	\$13.50	32x4 Straight Side	\$24.50	32x4½ Straight Side	\$31.45	33x5 Straight Side	\$39.10
32x3½ Straight Side	\$19.25	33x4 Straight Side	\$25.25	33x4½ Straight Side	\$32.15	35x5 Straight Side	\$41.05

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

Rev. W. J. Eowrie will preach in the Hughey school house Sunday evening, Aug. 20 at 8 o'clock. He will speak at the South Long Lake Presbyterian church in the afternoon.

Maude and Georgia Thompson are visiting their uncle Walter Caughy in Daggett Brook.

Mr. and Mrs. William Johnston left Tuesday for their new home in Minneapolis after visiting Mr. Johnston's uncle, Wm. Johnston.

In the baseball game Sunday, Long Lake defeated the West Brainerd team by a score of 11 to 10.

### "Desert" in the Ocean.

In the south Pacific, west of Patagonia, there is a sea desert which contains so few forms of marine life that, it is claimed, whales and sharks frequently die of hunger before they find their way out.

## OPENING SALE PROVES VERY SATISFACTORY

The Stoughton Variety store newly opened in the Anna Block on South 7th street reports a very satisfactory business during their opening sale of two weeks, which closed last Saturday.

G. M. Stoughton, the proprietor, is well pleased with Brainerd and the support he is receiving in his new undertaking. In looking for a location, he chose our city out of four which were under consideration, and believes that he made no mistake in his selection.

It is possible, in a store of this kind, to handle a big variety of articles at a large range of prices, and Mr. Stoughton is endeavoring to give his customers a large stock in every line and at a price that will fit any pocketbook.

The Stoughtons hail from western Iowa, near Omaha, so that our north country, with its timber and lakes, is quite a novelty. They state that the warm weather through which we are passing seems comparatively cool in contrast to the warm spells further south, where the nights are as oppressive at the heat of the day.

Mr. Stoughton expects to offer from time to time special bargains in different lines through the columns of this paper. Saturday's special this week will be an aluminum sale. Others will follow in rapid succession.

### PEQUOT

At the regular meeting of the school board, R. V. Larson, of Taylor Falls was engaged as superintendent of the Pequot schools, the salary being set at \$1800 annually.

J. C. Nelson is chairman, M. H. Cochran treasurer and A. Clarence Fossum clerk of the Pequot school board. The salary of the clerk was reduced to \$150 a year.

Charles Wilson and Jack Johnson were injured in an automobile accident near the fair grounds when the car ran off the road.

Mrs. T. A. Chapin and Mrs. Ole Risness were in Brainerd Wednesday.

Mr. and Mrs. John Strassburg and Mr. and Mrs. Sidney Strassburg spent Sunday with Fred Strassburg in Brainerd.

B. O. Hoff was at Brainerd and saw a doctor about his sprained back. Ted Olson has returned from Brainerd where he was treated at a hospital.

## I FIRST COMPOUNDED THIS REMEDY FOR MY OWN NEIGHBORS

Their praise of this newer form of iron has spread so rapidly that now, after nine years, over 4,000,000 people use it annually.

Years ago I began to wonder at the great number of my own friends and neighbors who were always ailing, complaining and doctoring, without ever seeming to get any better. Both working men and their wives were frequently all tired out in the evening, and a great many were weak, nervous and run-down. One had kidney trouble. Another had pains around the heart, palpitations and dizziness, and was sure he was suffering from heart disease. Still others had severe headaches, floating spots before the eyes, tender spots along the spine and a great variety of alarming symptoms.

For years I made a special study of this condition, consulting a great number of physicians and chemists. An immense number of investigations by physicians all over the country showed that three people out of every four you meet lack 100 per cent iron in their blood. Lack of iron in the blood is the greatest of all debilitating weaknesses. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron nothing you eat does you any good. Your heart, lungs and kidneys and all your vital organs get their nourishment from the blood stream, and when the blood lacks iron, you suffer from the symptoms of a great number of diseases when the real and true cause of all your trouble is a lack of iron in the blood.

In the old days people often took metallic iron, which some physicians claim is not absorbed at all. In compounding Nuxated Iron I use the newer form of iron, which is like the iron in your blood and like the iron in spinach, lentils and apples. Unlike the older forms of iron, it will not injure the teeth nor disturb the stomach, and it is ready for almost immediate absorption and assimilation by the blood. It is the people whose blood is rich in iron who possess great strength, force and energy. If you are not strong or well you owe it to yourself to make the following test:

See how long you can work or how far you can walk without becoming tired. Next take two 5-grain tablets of Nuxated Iron three times a day after meals for two weeks—then test your strength again and see how much you have gained. An astonishing number of nervous, run-down people who are ailing all the while, have greatly improved their health and increased their strength and endurance simply by taking this newer form of iron. For sale in this city by Johnson's Pharmacy or any other good drug store.

Missionary Society.  
The Woman's Home and Foreign Missionary society of the Presbyterian church will be entertained by Mrs. J. A. McMannis, West Bluff Ave. on Friday afternoon at 2:30 o'clock. A large attendance is desired and all visitors will be welcome.

The program is as follows:  
Devotional ..... Bible Women  
Topic "China" ..... Mrs. Lawson  
"Map Talk on Missionary Stations" ..... Mrs. Jackson  
"Trials and Triumphs of a Medical Missionary" ..... Mrs. Varner  
"Review of China" by a returned missionary ..... Mrs. McMannis  
Roll call, answered with Bible verse Business meeting.

### THE NEW AUTO TAGS

Contract for the manufacture of 400,000 number plates for 1923 was let to the Western Display company of St. Paul, by Mike Holm, secretary of state.

The 1923 number plates will be two gauges heavier than those used this year, while the cost to the state will be practically the same, 13 cents a pair.

The color of A and B plates, that is, those used on automobiles, busses and hearses, will be maroon figures on a pearl grey background. The T X and Z plates, those used on trucks and trailers, will have a brown background with white letters. The dealers' demonstration plates will have lemon yellow figures on a bottle green background.

### Japanese Term "Shogun."

"Shogun" is a Japanese term for great general, or commander-in-chief. For several centuries the shogun class exercised the real power in Japan, though nominally subject to the emperor. However, in 1867 a revolution restored the power of the emperor and the title of shogun was abolished the following year.

## A Remarkable New Cord Tire at a Popular Price

Here is a big, sturdy, long-wearing new tire built to satisfy the buyer on every point of mileage, quality and price.

It is designed especially for the man who wants the essential advantages of cord tire performance at the lowest possible price.

It is designed to offer the buyer a quality product at a price even lower than he has formerly paid for a "long discount" tire. It has a different tread from the famous Goodyear All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and its selling price is substantially less.

This new tire is the Goodyear Cross-Rib Tread Cord.

Like the All-Weather Tread Cord it is liberally oversize in all straight-side sizes, the

4½-inch tire, for example, actually measuring nearly 5 inches.

Like the All-Weather Tread Cord, its foundation is genuine high-grade long-staple cotton.

Like the All-Weather Tread Cord, it embodies the efficient group-ply construction, a Goodyear patent.

Like the All-Weather Tread Cord, it is the product of an experienced company which has a world-wide reputation to safeguard.

Look at the prices of the new Goodyear Cross-Rib Tread Cord, listed below.

Compare these prices with net prices you are asked to pay for "long discount" tires of unknown reputation and value.

Why take a chance on such tires?—you know it doesn't pay.

Compare these prices with NET prices you are asked to pay for "long discount" tires

30x3½ Clincher	\$12.50	31x4 Straight Side	\$22.20	34x4 Straight Side	\$25.90	34x4½ Straight Side	\$32.95
30x3½ Straight Side	\$13.50	32x4 Straight Side	\$24.50	32x4½ Straight Side	\$31.45	33x5 Straight Side	\$39.10
32x3½ Straight Side	\$19.25	33x4 Straight Side	\$25.25	33x4½ Straight Side	\$32.15	35x5 Straight Side	\$41.05

These prices include manufacturer's excise tax

Goodyear Cross-Rib Tread Cord Tires are also made in 6, 7 and 8 inch sizes for trucks

## THE CONSTITUTION

ROBERT M. LA FOLLETTE's recommendation that the Constitution of the United States be amended for the purpose of making the congress of the United States the highest authority on legislation, by taking from the Supreme Court its important function of declaring on the constitutionality of legislation, which was endorsed by the last national convention of the American Federation of Labor, has led to much discussion.

The recommendation is the result of a recent decision by the Supreme Court by which a regularly enacted law prohibiting child labor was declared unconstitutional. And such a decision on a law, which had for its object the safeguarding of the lives and health and happiness of children, has led many to conclude that the Constitution is a hindrance to the securing of beneficial legislation. And there are those who affirm—Senator La Follette being one of these—that the interpretations of the Constitution by the Supreme Court, upon which the constitutionality of legislation is based, vary from time to time. This is a serious matter, for if the public loses confidence in the absolute integrity of the Supreme Court, the public will not for long allow the Supreme Court to pass upon legislation.

One thing is certain, increasing intelligence of the masses will soon determine that the Constitution shall not be set up as a fetish; and this age, which is testing everything, will not accept a thing simply because it has been customary to do so in the past. Therefore the question has arisen as to whether the Supreme Court and the Constitution are to stand in the way of the enacting of beneficial legislation. Senator La Follette does not ask that the constitution be thrown aside, but that it be amended.

It seems certain that some better way must be found for securing beneficial legislation than that at present operative. How many children's lives will be damaged in factories before the states can ratify an amendment to the Constitution by which the labor of children will be prohibited?

While we are not in sympathy with those who, like the members of Cromwell's parliament, would destroy all laws and records of the past and make a new beginning, nevertheless we are convinced that some means must be found for securing beneficial legislation without the present requirement of amending the Constitution against which there is a very certain bias in the United States.

## BRAINERD'S NEW PARK

THE offer of Hon. A. A. White, of St. Paul, to donate one hundred lots of land lying south and west of the new county building to the city of Brainerd is worthy of serious consideration by the city council.

A similar offer, which was made to the commissioners of Crow Wing county and rejected by them, was not nearly so attractive to the custodians of the county's property as it is to the city of Brainerd. Possibly there would be difficulties in the way of securing a mandate from the people of the county which would empower the commissioners to accept the offer of land to be developed into a county park, but the same is not true of the city where sentiment may soon be gauged.

The land offered is not of any great value at the present time; it lies low and is sometimes flooded in the spring of the year, but as Brainerd grows its value will be increased. There was a time when the land which lies between the Illinois Central tracks and Michigan Avenue, Chicago, had little value. Then when that value commenced to rise Montgomery Ward fought to have the land retained by the city of Chicago. As its value was further increased attempts were made to defeat the project of this forward-looking citizen, but sentiment was gradually crystallized in favor of parking it. Today that park is one of Chicago's best assets, and its value for building purposes, while almost inestimable, is not equal to its value as a breathing place for the thousands who escape from "the loop" to enjoy the breezes that blow over it.

The offer will not appeal strongly to eyes that see only the Brainerd that is, but to those who envisage the Brainerd that is to be, it will make a deep appeal. To accept the offer with a view to developing a park requires a venture of faith on the part of the city council. Twenty years ago the city council of Flint, Michigan, might have rejected such an offer but, in the light of the developments of those twenty years, they would jump at it now. Faith in Brainerd's future will lead to its acceptance, inability to see a future for Brainerd may lead to its rejection.

The lots Mr. White has offered, due to the sloping sides of the land, are capable of being easily and inexpensively transformed into a place of beauty.

## VISCOUNT NORTHCLIFFE

ONE of England's most successful men of the present generation has, after many successful struggles with circumstances, been defeated by a mysterious disease which baffled specialists.

As Alfred Charles William Harmsworth, he entered the newspaper business in London and gradually extended his influence until at the time of his death he was the owner of more than 40 publications. But the increase in his holdings, and the wealth resulting from them, did not lead to his allowing subordinates to control the policies or his papers. His strong hand was upon them and his active mind suggested policies which increased their circulation.

Lord Northcliffe startled England by introducing sensationalism into English journalism. Occasionally this led to unfortunate situations, as when his great morning paper, the London Daily Mail, gave a vivid description of a naval battle during the war between Russia and Japan—a detailed description of a battle which was never fought.

The London Daily Mail has an enormous circulation, but those who do not read it, and many who do, dislike the sensational policy on which it has been built up. And while Lord Northcliffe was generally respected by his countrymen there were many who disliked him.

Many in England never forgave him for his attacks upon Herbert Asquith and Earl Kitchener during the war. These con-

cede that he secured high-powered shells for the army in France, and by his campaign for Lloyd George for premier discovered England's great leader, but they deplore his methods.

Lord Northcliffe's life proved once more that with ability, a strong physique, abundant energy, and a large self assurance, a man may succeed in such a crowded field as journalism even in a country with the long established precedents of old England.

## HOW FAST DO YOUR BONES MOVE?

The famous phisic phisicist, Dr. R. W. Schulte, of Berlin, has declared that health and character depend to a certain extent upon the rate of articulation of the bones and the joints. The test was made with a sprinter as the medium, and a specially devised recorder. The photo shows the sprinter making a demonstration of how much quicker joint action and bone movement he possesses, than has an untrained person.

MAX OSER REPORTED  
PREPARING TO WED

Lucerne, Switz., Aug. 17.—Max Oser, is reported to have gone to Basle, his native town, where he must take the first legal steps in obtaining the necessary papers for his marriage to Miss Mahtilde McCormick, granddaughter of John D. Rockefeller.

The engaged couple while here have been successful in remaining incognito. It is generally believed that their wedding will take place soon. There have been rumors that Oser already has met Harold F. McCormick, his finance's father, who was married last week to Madame Ganna Walska. Reports persist that Mr. and Mrs. McCormick intend to reside in the Hertenstein castle, but the owner refuses to confirm or deny these reports.

MAX OSER REPORTED  
PREPARING TO WED

Lucerne, Switz., Aug. 17.—Max Oser, is reported to have gone to Basle, his native town, where he must take the first legal steps in obtaining the necessary papers for his marriage to Miss Mahtilde McCormick, granddaughter of John D. Rockefeller.

The engaged couple while here have been successful in remaining incognito. It is generally believed that their wedding will take place soon. There have been rumors that Oser already has met Harold F. McCormick, his fiancée's father, who was married last week to Madame Ganna Walska.

Reports persist that Mr. and Mrs. McCormick intend to reside in the Hertenstein castle, but the owner refuses to confirm or deny these reports.

HARD COAL OPERATORS  
CONFER WITH UNIONS

(By United Press.)  
Philadelphia, Aug. 17.—Hard coal operators and union officials went into conference here this afternoon in an

effort to settle the strike in the anthracite coal fields.

Both sides were optimistic of peace as leaders filed into the office of Samuel D. Warriner, chairman of the operators' committee.

## Train Schedule Restored

Green Bay, Wis., Aug. 17.—The Green Bay and Western railroad will restore trains No. 3 and No. 4, running between Green Bay and Stevens Point, to their schedule, starting Monday.

# BRAINERD'S NEW CITY DIRECTORY

Twelfth Volume Compiled and Published by John H. Ley, of St. Cloud, Distributed

COMPLETE IN ALL FEATURES

Using the Multiple of  $2\frac{1}{2}$  He Finds That Brainerd's Population is 10,890

The Brainerd City Directory for 1922 and 1923 is now completed and in the hands of subscribers. It is number 12 and was compiled by John H. Ley who has furnished all of Brainerd's directories for the past twenty-five years.

This edition is well bound and especially complete in every detail. The first section is devoted to miscellaneous information about city and county government, the personnel, officers, etc., of business, social, educational and religious organizations, with detailed information about each of the local unions.

The main part of the book is devoted to the list of every resident of the city, arranged alphabetically, followed by a classified list of all business houses and a street guide.

The publisher has written an interesting introduction to his work, from which we quote:

"Volume twelve of Brainerd's city directory is herewith submitted to the public with every assurance that the work will be found accurate and reliable in every department.

"Every business place and residence in the city has received a personal call and all information taken has been double checked to reduce errors to a minimum.

"While it is impossible to produce a perfect work of this class, we invite the closest inspection and feel that it will meet with the approval of our subscribers.

"After a complete and thorough count we find within the limits of the city 4,356 persons above the age of 18 years and using the same multiple as in all previous issues, 2 1/2, gives Brainerd a population of 10,890."

It might be added that this count is a very conservative estimate and may be taken as quite official. It is more nearly correct than the government census, which placed the population at less than ten thousand.

## CROW WING FARM BUREAU

Met Wednesday Evening in Barrows Town Hall, Brainerd People Assist in Program

The Crow Wing Farm Bureau, unit met Wednesday evening in the town hall at Barrows for their regular monthly meeting.

The program consisted of talks by O. J. Bouma, of the Chamber of Commerce, and City Attorney D. H. Fullerton, several songs by the "Knutt Quartette" and selections by the Lions orchestra. John Holvick gave a humorous German dialect reading and sang his famous song "Nicolena."

A luncheon was served after the program, after which the hall was cleared and several dances enjoyed.

These farm bureau meetings are always interesting and well attended. The business men of Brainerd should take advantage of the welcome that is extended to them, and visit the meetings in the different sections. It would bring about a closer friendly feeling between farmer and townsman, and a better understanding of the problems of both.

## MEN ARE SLOW TO HAVE PICTURES TAKEN

Ingolf Dillan, who is compiling data for his book, "Brainerd's Half Century," has encountered an interesting bit of information.

Mr. Dillan has requested the chairmen of the different committees that worked on the 50th anniversary celebration to give him their pictures for use in his book. Nearly without exception, the men confess that they have not had a photograph taken for the last 12 to 25 years, kodak pictures excepted.

On inquiry at the different photographic studios, Mr. Dillan finds that this condition is quite general. Men are slow to have their likeness taken, while women go very frequently for sittings.

Mr. Dillan is seeking an explanation of such a state of affairs, and will gladly accept any assistance that can be rendered. We are wondering if there isn't a small element of vanity that draws the ladies to the studio.

## PICRIC ACID FOR LAND CLEARING

Government Supplying it to the State Absolutely Free, Furnished Farmers at Small Cost

FARMERS HERE \$12.50 HUNDRED

Limit of This Explosive Per Farmer has been Raised from 500 to 1,000 Pounds

The State University has issued a bulletin on picric acid, the war salvaged explosive, and the reduction in land clearing costs that can be affected by its use.

The government is furnishing picric acid to the state absolutely free. The only cost is the making of it into cartridges and shipping it to the consumer.

This cost of this acid to farmers around Brainerd is about \$12.50 per hundred, which includes freight. This, the bulletin states, is a saving of about sixty cents per hundred in comparison with dynamite, a stick of picric acid doing the same work as a stick of dynamite in blasting stumps.

The limit of this explosive which was 500 pounds to a farmer has been raised, so that now each may have as high as one thousand pounds.

While land clearing is at a standstill just now, owing to the dry weather, still it will be resumed as soon as rains warrant it, and it would be well to get the orders in in the meantime. These orders should be placed with the county agricultural agent or local banker.

## SILVER WEDDING WAS CELEBRATED

Mr. and Mrs. Elmer Bloomstrom Surprised on Occasion by Group of Friends and Relatives

SILVER PRESENTS FOR THEM

Out of Town Guests Included Relatives and Friends from Deerwood, Bemidji, Minneapolis

Mr. and Mrs. Elmer Bloomstrom were surprised by a number of relatives and friends Saturday evening at their home, 502 4th avenue Northeast, the occasion being their silver wedding anniversary.

Cards and dancing were the diversion of the evening, and at midnight a very dainty luncheon was served, plates being laid for fifty.

Mr. and Mrs. Bloomstrom were presented with a purse of silver and a beautiful library lamp.

Out of town guests included relatives and friends from Bemidji, Deerwood, and Minneapolis.

## IN MUNICIPAL COURT

Two Ford Speedster Occupants Arrested for Striking Traffic Post

Eugene Davidson and a companion known as "Cotton" were driving Mr. Davidson's Ford speedster down 6th street Thursday afternoon, and ran head-on into the traffic post in the intersection of Laurel and 6th, breaking off the post from its moorings and breaking the light globe.

Officer Abrahamson was on hand, and took the pair in charge. They will have a hearing Friday morning. The case of the state against Jock Dryburgh is in progress in municipal court as we go to press. Mr. Dryburgh is charged with reckless driving in passing a car turning at an intersection of 6th and Laurel Sts.

## LARGE TRAINS PULLED ON NORTHERN PACIFIC

Large trains are being pulled on the Northern Pacific. For instance, Extra 1834 pulled right through Extra without stopping last Thursday and had one engine, one caboose and 98 empty refrigerator cars, making a total of 100 wagons. These are being moved to the western fruit district on account of the car shortage there.

Notice to the Public  
I will not be responsible for any bills contracted by my wife Ellen Love.

## R. A. HENNING IS TO SPEAK HERE

Northwest Federated Shop Crafts Head to Address Public in Gregory Park Friday Night

PARADE TO PRECEDE TALK

Brainerd Municipal Band will Head Parade of Striking Shopmen at 7 O'Clock

R. A. Henning of St. Paul, head of the federated shop crafts of the Northwest, and former mayor of Brainerd, will address a public meeting at Gregory park on Friday evening at 7:30 o'clock.

Before the address there will be a parade of the striking shopmen headed by the Brainerd municipal band. Shopmen will meet at Labor hall at 7 o'clock to form for the parade.

Mr. Henning will arrive on the afternoon train from St. Paul and previous to his address will meet with heads of the various shop crafts of Brainerd.

## SCANDAL BROKE OUT IN CUPID'S COURT

JURY TAMPERING IS CHARGED, DENIALS MADE

Hammondton, N. J., Aug. 17.—Scandal broke out in "Cupid's Court" here today.

Veiled attacks of jury tampering were strongly denied by Thomas Dekler, secretary of the cooperative levers union, which is marrying off 2,000 loveless men and women who mailed in their matrimonial intentions.

Dekler, who runs the show, was accused by some of cupid because he was awarded the prize of the lot "Mary Doe," an 18-year-old beautiful girl of old Kentucky.

Mrs. Helilong Rodgers, judge of the court, at the opening today ruled that there would be no re-trial of the case of Dekler and the daughter of Kentucky.

"Whom the Cooperative Levers Union hath joined together must no man put asunder," ruled Mrs. Rodgers.

## MORE REPLACEMENT MEN AT N. P. SHOPS

A special train brought in 59 replacement men believed to have been recruited in the east and unloaded them at the Northern Pacific railway shops. There was no disorder of any kind.

## G/S MAINS TESTED FOR LEAKS, ETC.

South Side Inspection Completed. Two Crews Now Working on Brainerd North Side

MACHINERY IS OVERHAULED

New Valve System Installed to Facilitate Handling of Leaks and Breaks in Mains

The work of repairing and putting in shape the gas plant is progressing rapidly. The work at present is centered on placing in condition the mains. This requires testing out of every section of the mains to locate leaks and broken pipe.

The testing is done by compressed air, the requirement being that the pipes withstand a pressure of about 40 pounds, which is considered ample because the gas pressure required will rarely be above 10 pounds.

The work of testing the pipes is already completed on the South side, the mains in that section being ready for use. Two crews are at work on the North side, one on Bluff avenue North, the other on Main street between Third and Fourth streets.

The machinery at the plant has received a thorough overhauling and a new boiler and new compressor added. Some other alterations are planned the supplies for which have already been shipped.

A new valve system will be installed to facilitate the handling of leaks and breaks in the mains. Heretofore one large valve at the plant handled the entire system of mains, and if a break occurred in any part of the city, this valve was closed, cutting off every subscriber until the leak was repaired.

Now the city has been divided into nine districts, with a control valve for each, so that if trouble arises in one district only the residents of a few blocks will be affected.

At the rate the work is progressing now, it is planned to have the plant in operation in October, sooner if possible. But on account of the freight service during the present strike, the delivery of supplies is very uncertain, and the completion of the work depends entirely upon the receipt of these supplies.

EARLY to bed, early to rise, stick to your business and advertise.

## HIGH PRICES FOR COAST PLAYERS

By HENRY L. FARRELL  
United Press Sports Editor

New York, Aug. 17.—Charley Comiskey, the White Sox proprietor, is showing signs of hysteria in throwing out his cash for minor league ball players.

When it was announced that the Old Roman had paid the San Francisco Pacific Coast League club \$100,000 for third baseman Willie Kamm, some press agent inclinations were suspected.

However, when John Farrel, secretary of the National Association, offered the check as evidence, the sages then turned their doubts to a question of the old man's sanity.

No sooner had the smoke cleared from this than the White Sox boss announced that he had paid the Seattle club \$50,000 for Frank "Stubby" Mack, a young pitcher.

Because Mack was considered only a fair pitcher, many of the western fans gave the Sox the laugh and said they had been stung, but the scouts on the coast predict that he is a fine prospect.

Mack's nickname of "Stubby" is a misnomer, as he is six feet tall and weighs 185 pounds. He started baseball as a bat boy with one of his home semi-pro teams in San Diego. He was picked up around Los Angeles and signed by the Calgary team in the Western Canada League. At the close of the 1920 season he was picked up by Seattle for \$1,000 and was turned over to Tacoma in the Pacific International League for development.

He had a hard time getting going this year and made a poor record, but it is said that he was a victim of hard luck. He pitches overhand like all of the old timers.

Since the Detroit Tigers picked up such a jewel in Pitcher Phillette, who was regarded as excess baggage on the Portland bench, the big league owners perhaps will pay for a dozen bloomers to get one good one.

Comiskey is having fine luck in building up a new White Sox team from minor league products. If Kamm and Mack come through for him, he stands a good chance for the 1923 American League pennant.

When the 1919 blast reduced his team to a fragment, Comiskey heard all the magnates whispering in his ear—"We'll help you, Charley."

They not only refused to trade players with him or sell him some help, but they went out and outbid him for stars that were on the market.

He deserves all the success he can get in building up a team the way it should be built.

Out in Enid, Oklahoma, they are getting ready to crown the home run hero of the year. Up to July 26, Frank Reiger, outfielder on the Enid Western Association team, had hit twenty-nine four-base hits and he announced that he was going to beat Babe Ruth's mark.

Reiger is twenty-six years old. He started his career last year as catcher with the Enid team and hit twenty homers with a batting average of .312. He is outfielding this season. Plenty of scouts have looked him over, but all of them have left with the remark—"Too much money!"

Jim Coffroth, who has been confining his attention to his Tijuana racing interests, is ready to get back into the fight game and he has his eyes on Mexico City as a good field for the pups.

He wants to bring Jack Dempsey and Benny Leonard down to the southern capital to show their wares.

## AMUSEMENTS

### Lila Lee Popular

Lila Lee, the charming Paramount film actress, is becoming more popular with each new screen appearance. She has an exceptionally fine role in support of Thomas Meighan in "The Easy Road," which is showing last time tonight at the Lyceum theatre, and her performance stamps her as an actress of exceptional power and ability.

Mr. Meighan has the role of a sailor-novelist who marries a rich woman and finding himself on easy street, neglects his work and becomes a drone. Lila Lee, as Ella Klotz, is saved by the novelist when she tries to commit suicide and this meeting results in his regeneration and reunion with his estranged wife. There are numerous strong situations in the story. Gladys George is leading woman. Tom Forman directed the picture.

A photoplay that will appeal to every mother of every daughter and to every daughter and every son of every mother, is "The Grim Comedian," Goldwyn's production of Rita Weiman's first screen story, coming to the Lyceum theatre for two days, beginning Friday. Life, the grimmest jester on the world's stage, is the protagonist and his sense of comedy is worked out in real human beings.

"Fore," a very interesting golf reel, is on the same program.

## MAMMOTH SEAPLANE IS OFF FOR RIO DE JANEIRO

(By United Press)  
New York, Aug. 17.—The Sampo Correa, mammoth seaplane, hopped off from Rockaway naval air station on its 8,500 mile flight to Rio de Janeiro at 7:10 this morning.

Slowly rising from its anchor, the plane swung off to sea, starting for Charleston, S. C., on the first 600 mile leg of the flight.

Walter Hilton, pilot and commander, expects to reach Charleston in less than seven hours.

## NO PAY, AND CAN'T SHUFFLE OUT OF TOWN

(By United Press.)

Pittsburgh, Aug. 17.—Shufflin' Phil Douglas, famous pitcher, laid the blame for his permanent removal from organized baseball to Mr. James McGraw, fiery manager of the Giants.

"I never threw a game in my life," Douglas told the United Press in an interview. "McGraw knows me well enough to know that I would never do such a thing."

Douglas was found in his room in the Schenley hotel where he was waiting for someone to loan him enough to leave the city.

"What makes me so mad," said Douglas weeping, "is that he won't even give me my pay. I don't know how I am going to get out of here unless I get money, and I am ashamed to wire my wife."

Asked concerning a letter which officials declare he wrote to another club, he said, "let's forget." "All I want to do is to get out of here." He alleged that McGraw "had it in for him."

## MUSCALLONGE WRECKS NEW SILK STOCKINGS

Superior, Wis., Aug. 17.—A big muscallonge imbued with wild ideas utterly ruined a pair of new silk stockings for Mrs. Emma Reichel, New York, while she was fishing at one of the lakes near Gordon, south of here. In

a terrific struggle, in which the big fish nearly upset the boat, Mrs. Reichel was bitten severely in the ankle and her silk hose torn to shreds.

## QVALE IS SUED FOR \$20,000 AFTER RAID

Winona, Aug. 17.—Suit for \$20,000 against S. B. Qvale, prohibition enforcement director, was filed in district court here Tuesday as the outgrowth of a raid.

Mrs. Elizabeth Malewicki alleged she was frightened, and her person and home damaged, when Qvale with F. O'Neill, an officer, raided her place. She charged they tore up rugs and she fell over one of them down a stairway, injuring herself. "Profane language," she said, caused her to become frightened.

## SOLUTION OF N. Y. HOUSING STARTED

New York, Aug. 17.—Holey Fiske, president of the Metropolitan Life Insurance company, today turned over the first spadeful of earth in the \$100,000,000 housing plan which is to provide homes in Queens county at \$9 a room and help solve the housing problem of the city.

BIG-SIX

was \$1785 Now \$1650

**YOU** can buy a Studebaker Big-Six Touring Car today for \$1650. This is the lowest price ever asked for a car of its sterling high quality.

Always a matchless value, the Big-Six stands out today more strikingly than ever in the field of fine cars.

The seven-passenger Big-Six is not a "volume" motor car, but you get it at a volume price because the Studebaker organization produces and sells three separate models with only one overhead.

Look over the field. Check the many points that will appeal to you in the selection of a car. See the Big-Six. Ride in it—we'll

Rain-proof, one-piece windshield; windshield wiper; courtesy light on the driver's side which promotes safety in passing other cars at night; tonneau lamp with long extension cord; cowl parking lights; cowl ventilator; eight-day clock; thief-proof transmission lock; tool compartment in the left front door; shock absorbers.

## HIGH PRICES FOR COAST PLAYERS

By HENRY L. FARRELL  
United Press Sports Editor

New York, Aug. 17.—Charley Comiskey, the White Sox proprietor, is showing signs of hysteria in throwing out his cash for minor league ball players.

When it was announced that the Old Roman had paid the San Francisco Pacific Coast League club \$100,000 for third baseman Willie Kamm, some press agent incinerations were suspected.

However, when John Farrell, secretary of the National Association, offered the check as evidence, the sages then turned their doubts to a question of the old man's sanity.

\*\*\*\*\*

No sooner had the smoke cleared from this than the White Sox boss announced that he had paid the Seattle club \$50,000 for Frank "Stubby" Mack, a young pitcher.

Because Mack was considered only a fair pitcher, many of the western fans gave the Sox the laugh and said they had been stung, but the scouts on the coast predict that he is a fine prospect.

\*\*\*\*\*

Mack's nickname of "Stubby" is a misnomer, as he is six feet tall and weighs 185 pounds. He started baseball as a bat boy with one of his home semi-pro teams in San Diego. He was picked up around Los Angeles and signed by the Calgary team in the Western Canada League. At the close of the 1920 season he was picked up by Seattle for \$1,000 and was turned over to Tacoma in the Pacific International League for development.

\*\*\*\*\*

He had a hard time getting going this year and made a poor record, but it is said that he was a victim of hard luck. He pitches overhand like all of the old timers.

\*\*\*\*\*

Since the Detroit Tigers picked up such a jewel in Pitcher Pillette, who was regarded as excess baggage on the Portland bench, the big league owners perhaps will pay for a dozen bloomers to get one good one.

\*\*\*\*\*

Comiskey is having fine luck in building up a new White Sox team from minor league products. If Kamm and Mack come through for him, he stands a good chance for the 1923 American League pennant.

When the 1919 blast reduced his team to a fragment, Comiskey heard all the magnates whispering in his ear—"We'll help you, Charley."

They not only refused to trade players with him or sell him some help, but they went out and outbid him for stars that were on the market.

He deserves all the success he can get in building up a team the way it should be built.

\*\*\*\*\*

Out in Enid, Oklahoma, they are getting ready to crown the home run hero of the year. Up to July 26, Frank Reiger, outfielder on the Enid Western Association team, had hit twenty-nine four-base hits and he announced that he was going to beat Babe Ruth's mark.

Reiger is twenty-six years old. He started his career last year as catcher with the Enid team and hit twenty homers with a batting average of .312. He is outfielding this season. Plenty of scouts have looked him over, but all of them have left with the remark—"Too much money!"

\*\*\*\*\*

Jim Coffroth, who has been confining his attention to his Tijuana racing interests, is ready to get back into the fight game and he has his eyes on Mexico City as a good field for the pugs.

He wants to bring Jack Dempsey and Benny Leonard down to the southern capital to show their wares.

A Prosperous Town

Is Largely Made So by Its Merchants, and Its Merchants Are Largely Made by

ADVERTISING

was \$1785 Now \$1650

YOU can buy a Studebaker Big-Six Touring car today for \$1650. This is the lowest price ever asked for a car of its sterling high quality.

Always a matchless value, the Big-Six stands out today more strikingly than ever in the field of fine cars.

The seven-passenger Big-Six is not a "volume" motor car, but you get it at a volume price because the Studebaker organization produces and sells three separate models with only one overhead.

Look over the field. Check the many points that will appeal to you in the selection of a car. See the Big-Six. Ride in it—we'll

Rain-proof, one-piece windshield; windshield wiper; courtesy light on the driver's side which promotes safety in passing other cars at night; tonneau lamp with long extension cord; cowl parking lights; cowl ventilator; eight-day clock; thief-proof transmission lock; tool compartment in the left front door; shock absorbers.
